Ultra-Thin Desktop Fan

H12 User manual

Safety Instructions

1.This product must not be used by persons with physical, sensory or mental impairments, or by those lacking experience and knowledge (including children), unless they are supervised or instructed by a person responsible for their safety in relation to the use of this product.

2.Children shall be supervised when this product is in use to ensure they do not play with it.

3.This product shall be powered only by the safety extra-low voltage (SELV) marked on the unit.

4.This product contains batteries that can only be replaced by a qualified technician.

5.Electronic version of this product manual is available for official download at: <https://www.greatarmo.com>

Product Specifications

Product Name	Ultra-Thin Desktop Fan
Model	D8
Charging Input	5V—1A
Battery Voltage	3.7V
Product Size	164*134*35mm
Compliance Standard	GB/T 4706.1-2024 , GB/T 4706.27-2024

Read this manual carefully before use and keep it for future reference.

Product Structure

Fan Blades

Indicator light

Type-c

Bracket

Power On

Angle 60°

Unfold the fan bracket and place on desktop for use.

Instructions for Use

1.Power On: Single-click the power button to turn on the fan. Press the power button repeatedly to cycle the wind speed from gear 1 to gear 3, with the indicator light switching to the corresponding gear accordingly.

2.During gear switching, press and hold the power button to turn off the fan; switching to the 4th gear will also turn off the fan. Power off by long pressing the key in any gear mode.

3.The 4th indicator light will flash red while the fan is charging, and stay solid red when fully charged.

4.Low Battery Reminder: When the battery level is lower than 10%, the red indicator light flashes to remind you to charge. The red light also flashes during charging, and stays steadily on once the battery is fully charged.

Precautions:

1.Pleasefullycharge the battery before first use.

2.Children under 12 years old should use it under the supervision of an adult.

3.This product is not waterproof. Please do not wash the product directly with water, or use it in the bathroom or in places with high humidity.

4.Do not use in high-temperature environments (above 60 degrees Celsius) or near fire sources to avoid the risk of explosion.

5.If there is smoke or high-temperature phenomena during use, please turn off the power supply and stop using it immediately, and contact the manufacturer for treatment in a timely manner. Do not disassem-ble it yourself to avoid danger.
